TROOPS HALT IRISH STRIKERS

Crowd Which Attended Celebration Outside of Limerick Not Allowed to Return—Tank Is Ready.

Limerick, Ireland, April 23.—The first show of organized resistance to the military forces here occurred when five hundred or more men and women strikers who had spent the afternoon at Cahirdavan field, in County Clare, outside of Limerick, attempted to cross the Sarsfield bridge over the Shannon river without showing the required passes. They were turned back by the sentry.

When the first strikers were refused admittance to the city they were joined by others, but before the crowd grew to very large proportions the guard was quickly re-enforced, the engine of a tank stationed at the Limerick side of the bridge was started and guns were trained on the crowd.

MISS CARNEGIE WEDS DESIGN

Daughter of Multimillionaire Becomes Mrs. Roswell Miller—Wedding Held in New York

New York, April 23.—The world's richest heiress was married Tuesday with a ceremony as simple as that of the wedding of some small-town grocer's daughter. Andrew Carnegie gave away his twenty-two-year-old daughter, Margaret, to Ensign Roswell Miller of the United States navy before a little gathering of relatives and friends in one of the small dining rooms of the \$2,000,000 Carnegie mansion on upper Fifth avenue. The ceremony was performed by Rev. Pierson Merrill, pastor of the Brick Presbyterian church, before an altar banked high with springtime blossoms and wild flowers. The wedding was the result of a war-time romance, though the Carnegie and Miller families have been friends since the Civil war.

U. S. RULES CHILD LABOR

Federal Supervision of Children Re-established Under New Tax Law.

Washington, April 23.—Federal supervision of child labor, abolished when the Supreme court last year declared unconstitutional the existing child labor law, was re-established under regulations issued by the international revenue bureau putting into effect the new revenue act's tax on child labor products.

The regulations interpret various provisions of the law, which levies a tax of 10 per cent on net profits of any concern employing children under the specified ages. After April 25, when the new act becomes fully effective, the tax will be assessed on the profits of any mine or quarry in which children under 16 years of age are employed, or any mill, cannery, workshop or factory in which children under 14 years are employed at any time of the year. Boys' and girls' canning clubs recognized by the department of agriculture are exempted. A child labor tax division with a force of inspectors will be organized in the internal revenue bureau to administer the new law.

FIVE DIE IN BURNING PLANE

British Officers Perish When Handley-Page Machine Meets With Accident in England.

Andover, England, April 23.—Five members of the crew of a big Handley-Page airplane burned to death when the machine crashed to the earth as the result of an accident at the air-drome at Neyhill, near here. The two others in the machine were injured severely. All the occupants of the machine were army officers, including a major, a captain and two lieutenants.

Enlistments.

Washington, April 23.—Enlistments for overseas service on April 17 had reached a total of 12,521, the war department announced. Of these, nearly 70 per cent were for the three-year term. Complete returns for the week ended April 12 show 4,454 enlistments, compared with 2,969 for the preceding week, and with 180 for the opening week of the campaign.

Demand Punishment of Huns.

Paris.—Premier Clemenceau received from Mrs. Charles H. Farnham, of New York, the representative of the Committee for the Protection of Women Under International Law, a resolution signed by five million American women relating to crimes against women committed by the Germans and their allies during the war. Demand is made that all officers, soldiers and civilians belonging to the armies of the central powers who perpetrated any crime against women or girls in any allied country should be punished, if possible.

CONQUEST OF THE AIR

AERIAL SERVICE FOR PASSENGERS, MAIL AND MERCHANDISE.

BIRD MEN MEET NEXT MONTH

Big Convention of Pan-American Aeronauts Will Stimulate Enlistments in the U. S. Air Service.

Atlantic City, New Jersey, will be the Mecca for a large gathering of American men, and representatives of foreign countries, who will be attracted by the first Pan-American Aeronautics Convention, which meets there in May.

Captain Charles J. Glidden, of the U. S. Air Service, Military Aeronautics, now stationed in the administrative department of the United States Flying School, Southerfield, Georgia, says:

"The Pan-American Aeronautics Convention and exhibition to be held at Atlantic City during the month of May will bring to the attention of the American people the wonderful progress of aviation. The work of aircraft during the war establishes its practicability for commercial uses and insures the creation in this country of a complete aerial service, connecting all cities and towns for the transportation of persons, mail and merchandise.

"Before the close of 1920 I confidently predict this service will be in full operation, with extensions to all countries on this hemisphere. In the United States trunk lines will be established across the country which will place every city and town within six hours from some twenty-four distributing points. Once created and in operation our extensive coast line could be put under complete protection from any possible invasion. Thousands of college trained aviators in and out of the service are now waiting to join in the operation of an aerial service.

"The government calls for fifteen thousand men to enlist in air service for one or three years' time. This is bound to receive a quick response, as here is an opportunity for men to be immediately assigned to duty in the service and of the number who enlist those who pass certain examinations will be given flying and balloon pilot instruction. This liberal offer is equivalent to a one or three years' college course in aeronautics, and one may become expert in all branches of aviation, and if qualified a non-commissioned or even a commissioned officer. In addition to regular pay, clothing, quarters and rations extra pay begins with instructions to operate the aircraft. As the number of men wanted is limited to fifteen thousand for the entire country, quick application to the nearest recruiting officer will be necessary before the privilege is withdrawn.

"Everybody directly and indirectly interested in aviation should attend the Atlantic City convention and exhibition in order to keep abreast with the times and become familiar with the development of aircraft for defense and commercial uses and witness the demonstrations of the world's greatest airplane aviators, who will fly, and balloon pilots sail to the Atlantic air port from all over the country."

Road Improvements Urged.

Mineral Wells, Tex.—Addressing the seventh annual meeting of the United States Good Roads Association here, Senator Bankhead, of Alabama, retiring chairman of the Senate Postoffice Committee, urged further improvement of American roads, extension of the Bankhead National highway, from El Paso, Tex., to the Pacific coast, so as to form a transcontinental highway, and the education of highway engineers by colleges in order to provide capable construction men.

BANK PLAN IS DELAYED

Campaign For Legislation Postponed

By Advocates of the Home

Loans Proposition.

Washington.—The Legislative Committee of the United States League of Building and Loan Associations has decided the proposed legislation for a system of federal home loan banks will not be submitted to the extra session of Congress, if one is called. The decision is the result of a two-day conference. E. L. Kessler, president of the league, said there was full agreement on the fundamental features of the tentative draft of the proposed bill
